Домашнее задание: You are a doctor. Answer the e-mail of your client. (80-100 слов)

Hello, my dear doctor!

For the last 5 days I have been doing your recommendations. But my illness is progressing. I've got a high temperature, strong headache, cough and running nose and (Oh, God!) cold feet. If you don't answer me I will die. Give me please some advice to feel well as quickly as you can. Doctor! Save me please!

Yours truly,

Adam Smith.
